Membership note: Together we transform. This month the focus is on environment.

How can we each contribute to the health of our planet, our city our club?

Remember tree planting project. Is there room for a new tree on your section?

The five Rotary Clubs of Napier have combined to plant three different areas of the Rotary Pathway between Bayview and Westshore. This initiative supports World Rotary International Present Ian Riseley who wants one tree planted for every Rotarian on earth. That is 1.2 million trees! The first of three sections will have 367 trees and shrubs, mostly natives planted by Rotarians under the guidance of Napier Parks Asset Planner Jason Tickner. Fully landscaped and irrigated thanks to Napier Council the first sod will be turned by District Governor Leonie Tisch on Sunday 27th May 2018 at 10am. We hope past Mayor Barbara Arnott and current Mayor Bill Dalton will attend. We need 20 Rotarians, from each club. They should have spades, wheelbarrows and rakes. We would like their partners to bring some finger food and drinks. Section two will be done in 2019 and the last in 2020. The combined investment by the five clubs over three years is estimated to be \$15,000.00.

Re the tree planting next Sunday. Important facts.
